

HYDROSCAND T7011

Product group	110
Bundled pipes/hoses	1
Cover tube resistance	,
Safety factor	1:4
Max temperature (°C)	100
Reinforcement layers	1
Min temperature (°C)	-40

A light and flexible hose with a wide range of applications, such as hydraulics, chemicals, various types of gases ect. Low volumetric expansion. NOTE! Air and water max +70°C
