

HYDROSCAND T8011ET

Product group	120
Bundled pipes/hoses	1
Cover tube resistance	,
Safety factor	1:4
Max temperature (°C)	100
Reinforcement layers	1
Min temperature (°C)	-40

Recommended for hydraulics and gas applications. The hose will retain its flexibility in low temperatures, and has a thick and durable cover. Equivalent to SAE 100 R8. NOTE! Max temperature for air and water is +70.

	Working pressure (MPa)	Bend radius (mm)	ID (inch)	ID (mm)	OD (mm)
10491006	28	60	3/8"	10	16.2
10491008	24.5	80	1/2"	13	20.9
